

## iPhone/ iPod Apps

	<p>1. On your iPhone/ iPod Home Screen you should find the App Store logo.</p> <p>2. Press the App Store logo.</p>
	<p>3. Press the Search Icon, and type in 'Royalty Rewards' in the search field. It will show up all Apps associated with Royalty Rewards.</p> <p>4. Select the App 'Firepower Marketing Inc. Royalty Rewards'.</p>
	<p>5. Once you select the app, it will show you the description for it.</p> <p>Press the blue button "FREE"</p> <p>This will close the App Store and start the download right on your Home Screen.</p>
	<p>6. Once the download is complete, you will find the Royalty Rewards® icon on your screen. This is ready to go and all you have to do is press on it.</p> <p>(Note: The position of the app may be different than the image on the left.)</p>

7. Once you have opened the app, it will show you your landing page, which is also your Royalty Rewards icon on the bottom of the page. (Note: You can view this 2 ways: portrait or landscape. All you have to do is turn the iPhone/iPod to the desired view.)

8. On the bottom of the screen, you will find 5 icons.

**Royalty Rewards**

**RR Alliance**

**Other Cards**

**QR Code**

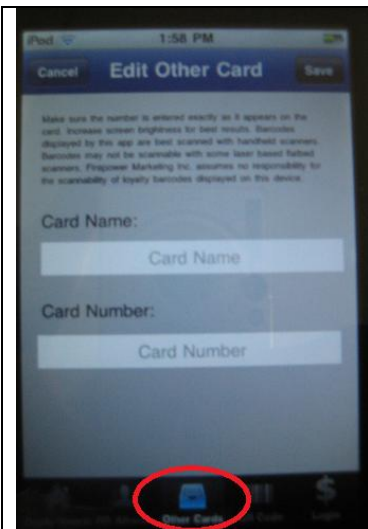

**Login**

9. RR Alliance- Will do a search for other Royalty Rewards Merchants in your area and lists them all for you.

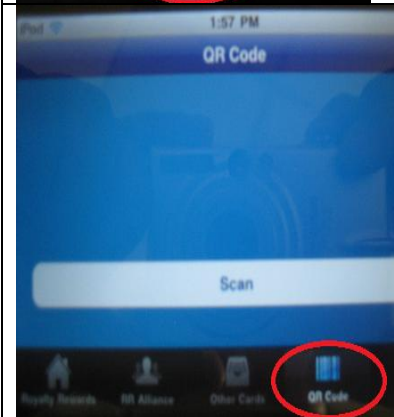

You can press any of those merchant and it will give you the address, the map location and direction to get to there.

(Note: It may take time to load depending on your 3G or WIFI connections speed.)

10. Other Cards- this will allow you to add all the other cards you may have such as: Safeway card, Airmiles, or any Membership card.

To do this press the plus sign (+) on the top left corner, and it will bring you up to this image. Enter a Card Name and Card Number and press Save.

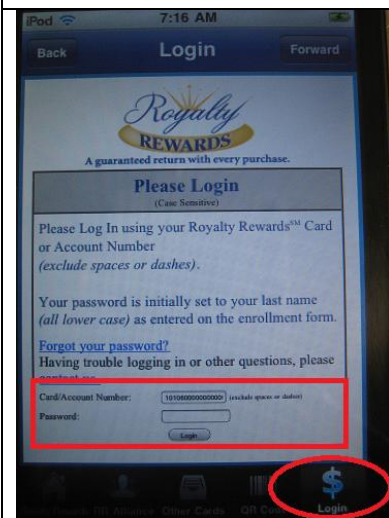

11. QR Codes or Quick Response code is a type of 2D bar code that may be decoded using your iPhone/iPod. Scanning a QR Code is fairly easy.

- a. Press the QR code icon
- b. Snap a Picture of the QR Code- make sure that your hand is steady and that you are able to include the whole code into the picture. There will some instance when the scan would fail, do not worry, just keep on snapping.
- c. Once the QR code has been taken, it may take from 5 to 30 second for the application to resolve the link for you, the information behind the code. If it is a URL, the QR code reader will open your browser and let you surf the mobile site the code is linked to.

(Note: To use these feature you will need an iPhone or iPod with a camera and Internet connectivity.)

12. Login- This section enables you to login into your myownrewards.com account, and let you review your points.

- a. Press the Login icon
- b. Enter in your username and password- Your username is your 16-digit card number with no spaces or dashes, and your password is your last name in lowercase.
- c. Then press the Login button.
